Primary PE and Sports Funding 2018 overview.

18.1.18

You may well be aware that the Government is providing additional funding for the academic year 2017/18 in order to develop even more the provision of PE and Sport in Primary schools.

Schools have been allocated a sum of money termed 'Primary PE and Sport Funding' in order to support all children to improve the quantity, quality and breadth of PE and Sport provision in each establishment. The allocation is calculated according to the intake of the school, and the school must decide using the set criteria how best to use the money to improve the breadth and quality of PE and Sport provision, including increased participation in PE and sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of.

Please therefore find a brief overview of how we are using the Primary PE and Sports grant in order to develop the PE provision in our school.

All schools with 17 pupils or more are to receive an extra £8000 which now means that we receive a total of £17910 for this next round of funding.

There are obviously certain criteria that we must fulfil in order to access the relevant money. We are/have used the money in the following way :-

We employ Mrs Wilkinson to take the lead in organising many of the sporting fixtures throughout the year. Mrs Wilkinson and our Y3 Teaching Assistant, Miss Kinvig, also lead all of our other groups/teams eg Tag-Rugby, Athletics in preparation for when the pupils are invited to participate in the various competitions/tournaments. Mrs Wilkinson works mainly with the KS2 pupils and Miss Kinvig with the KS1 children. We also employ a specialist teacher of Dance, Ms Marrs to periodically lead half-termly 'Dance' Clubs.

Organisation

Mrs Brant our PE co-ordinator leads the teaching of a range of sports throughout the Year in Y5 and Y6 on a Friday afternoon. These include: - Netball, Football, Gymnastics, Dance, Basketball, Cricket, Athletics, Rounders and Tennis.

Extra Curricular PE Clubs/activities

Weekly football clubs and other activities are led by Mrs Wilkinson with other sports clubs led by Miss Kinvig.

Competitions/Tournaments/Training

I am delighted to inform you that we are in fact now members various distinct Sports 'partnerships' all of which involve the development of skills, training and participation in games, events and tournaments. These partnerships are linked to:-

- Christ the King High School, Preston
- St Cecilia's High School, Longridge
- Preston Primary Sport and Lancashire School Sport.-DB Sports
- School Football league

We provide the full core offer for extended services

The football teams played a few local games and they have also participated in many different tournaments. In recent seasons we have played against many local schools eg Blessed Sacrement, St Maria Goretti, Grimsargh, St Michael's, Goosnargh, Longsands and Grange CP School. The key fixtures this year include games against St Anthony's, St Clare's, St Mary's, St Andrew's and Ribbleton Avenue.

Pupils from Y1-Y6 have also attended or will be attending various sports events/tournaments linked to football, hockey, netball or multi-sports tournaments. Year 4 also experience a visit to the Climbing Wall at West View Sports Centre – Please refer to the list of fixtures/activities that also appear in this section of the web-site.

Future plans

Our and my general philosophy is to ensure that the key components of an enriched curriculum are actually embedded in our school routine/curriculum map ie not just one-off experiences. Hence these three key strategies of our PE work will continue every term i.e.

1) INSET 2) Extra Curricular Clubs 3) Regular games/competitions with other local schools.

Similarly, we employ football coaches to work all of the lunch-time periods every Monday-2 staff, Wednesday-1 staff and Friday-2 staff .These can now be funded by this PE grant which will enhance the provision for the development of not only the relevant skills but also qualities such as team-building, attitude, respect and positive behaviour.

Monitoring and Evaluation

It is still very early days to witness the full impact that the use of this money is having on the pupils. However I/we have already observed and sensed an increased confidence exhibited by the relevant staff which in turn is helping the pupils to develop their relevant skills. Please also see the charts from previous results of how well our school succeed in many of these sports

Football: Those pupils who attend the football club have shown significant improvement, so much so that they now, as you can see, compete regularly against other teams ie their skills level and confidence in co-operating and working as a team have improved markedly. Similarly, we have been able to broaden the age range of the target group of pupils attending the various clubs with us already providing some KS1 provision re Star-Sports and multi-sport. The full list of activities for KS2 includes Football, general Sports skills, Hockey, Indoor games, Tag-Rugby, Dance, Tennis, Cycling, Cricket and rounders.

Other forms of 'measurable' impact :-

The grant is allowing us to develop a fully inclusive PE curriculum.

We are able to continue to provide a growing range of traditional and alternative sporting activities.

We are being able to make links with other subjects that contribute to the pupils' overall achievement and to develop their social, spiritual, moral and cultural skills.

We are able to continue to facilitate a greater awareness amongst pupils about the dangers of obesity, smoking and other such activities than undermine pupils' health.

Finally we also now report on how well the pupils actually swim-the results are :-

-The % of Y6 who when they finished the swimming sessions in Y5 July 2017 who can swim 25 metres is 64%

-The % of Y6 who when they finished the swimming sessions in Y5 July 2017 who could use a range of strokes effectively is 68%

-The % of Y6 who when they finished the swimming sessions in Y5 July 2017 who could perform safe-self rescue in different water-based situations is 72%

In future the data from the swimming results will be reported immediately when we start the next academic year ie in the September as the new Y6 class starts their new term.

Fixtures/Sports events 2017-18

28th September - Year 2 sports skills - 6 children at Play Football (Tulketh High)
5th October - Year 5/6 - 6 aside football competition at Play Football (Tulketh High)
