Dear Parents,

Due to the school closure, we have put together a list of ideas and resources that you can use to support and continue your child's learning at home.

Look on the school website at our curriculum maps; read this term's newsletter and use what you have learnt at the workshops (Reception) to find out what we have been learning about.

You can:

- Keep a diary or make a family book
- Read lots of stories together
- Draw pictures of characters from stories that you have listened to and write about them
- Play games, for example, dominoes and snap.
- Find out about our topic
- Draw and paint pictures
- Build jigsaws

#### Useful websites

If you go to the school website or Facebook, there is a list of further suggested activities and useful websites there.

#### Reading

It is important to listen to your child read, and read with them. You can practise your reading skills on websites such as Alphablocks, Phonics Play and Phonics Bloom.

All children will be sent home with an exercise book and pencil. Most of Year 2 children have been provided with a reading and maths workbook that they can work through.

We thank you for your support and understanding at this difficult time.

Yours sincerely,

Reception, Year One and Year Two staff.
