

Hello Year 2

I hope you are all okay and

trying to do some schoolwork each day.

When I was in school yesterday, there was another letter for us from the aliens on Planet Zog! They are so impressed with all our hard work and information about plants. They have a new task for you. They want to recognise our flowers, so have asked you to make a flower spotting guide. Draw pictures of your favourite flowers and name them to make a poster for the aliens.

We were learning about fractions last week. Why not follow this link to learn some more.

Don't forget to keep practising your times tables especially your five times table. Try testing your grown up to see if they know their 2s, 5s and 10s!

Hope to see you all soon,

Mrs Heafield
