

Hi Superstars!

I hope that you are all being good and being Superstars for your grown ups.

I have thought of some more things for you to do this week at home. Have fun doing them.

We all enjoyed learning to tell the time last week so why don't you make a clock.

Maddie shows you how on

<https://www.youtube.com/watch?v=IXqtJmcf1Gs>

You might need to cut out a circle if you don't have a paper plate. You could write the numbers on instead too.

Practise telling the O'clock time and then try half past.

Play 'What time is it Mr Wolf' in your garden to practise telling the time and you will get a bit of exercise too!

Remember to practise your phonics every day. Phonics Bloom and Phonics Play have some lovely Phase 3 activities for you to do. Enjoy feeding the dragons on Phonics Play.

Next time you have an apple or pear plant the seed. I wonder how much it will have grown before we go back to school. Not as tall as our amaryllis, I don't think!

Keep yourself busy. We are all missing one another. I'll be listening to hear if I can hear anyone singing our Superstar song.

Love from

Miss Wells.
