

Hi Reception!

Here is your next lot of work to do at home with your grown up.

Remember our class saying, 'Superstars always try their best!'

Miss Wells. X

If you click on the link <https://classroomsecrets.co.uk/free-home-learning-packs/> it will take you to the government learning resource pack for Reception. There are lots of ideas and it is updated each week. You need the EYFS pack.

Make a hopscotch in your garden. If you are feeling really clever, make it go all the way to 20! You will be practising writing and recognising your numbers as well as getting some exercise. On The Maths Factor you will find some work on adding one more. Remember to use your fingers to help you.

Click on the link and watch and listen to the song all about taller and shorter. <https://www.youtube.com/watch?v=Gy2C1wtJJsg>
Next go on a taller than and shorter than me walk around your house and in your garden. Draw and label the things that you find that are taller and shorter than you.

Ask your grown up if they will make a fruit salad with you. We would have been reading the instructions and making one in school. The recipe is on the next page.

How to make fruit salad

You will need

fruit

fruit juice

bowl

knife

spoon

What to do

1. Get some fruit.

2. Cut it up.

3. Put it in a bowl.

4. Add fruit juice.

5. Stir it up.
