

Hi Year 2

This week the English activities are all linked to food. Hurrah! We always enjoy tasks linked to food! It is all about recipes, which if you remember, we did in the autumn term. I hope you have fun trying out some of the recipes. Let me know on our class blog how you get on. Wednesday's recipe is to make 'Gruffalo - Mouse Toast' which sounds yummy. I have found a download of the recipe for you to make it easier.

Why not get creative with some kitchen roll tubes and create something? There are some ideas to inspire you in the photos below.

Before we had to stay at home, we were singing the aardvark song in music. Can you remember it and teach your family? I'm sure it will make them smile. It begins:

Aardvarks! See the aardvarks!
They are drinking cans of coke!

This week on White Rose Maths it's all about 'Fact families addition and subtraction bonds to 20'. Try and have a look at the videos and activities. <https://whiterosemaths.com/homelearning/year-2/>

Have a good week.
Mrs Heafield x
