

Hello Year 2

I hope you are enjoying the work about Horrid Henry.

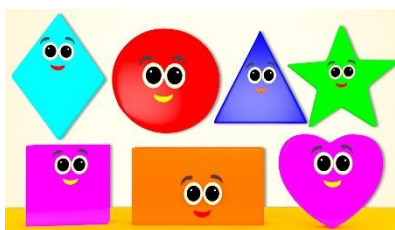

I know lots of you like using Lego. I found this video showing you how to make Horrid Henry out of Lego.

<https://www.funkidslive.com/video/how-to-make-a-horrid-henry-out-of-lego/> Enjoy!

We haven't done any work about shape for a while so here are some ideas for you. Go on a shape hunt round your house. Can you find an example of all the 2D and 3D shapes that we have learnt this year?

You could collect the shapes up and then play a game with your adult. Take it in turns to describe one of the shapes by their properties. The other person tries to guess the shape. Remember to use words like - faces, vertices, edges, faces for 3D shapes and sides, vertices or corners for 2D shapes.

You could also play the memory game with them. Lay them out and look at them for a minute trying to remember them all. Somebody removes one and the other person has to remember which one is missing.

Make up a dance to your favourite music and practise it. Perform it to your family and teach it to them. Perform it all together.

Stay safe.

Mrs Heafield x
