

## Hi Year 2

On my walks I am lucky enough to have seen lots of different birds including robins, blackbirds and a jay. We've also seen ducklings and goslings. Fabulous! When I see a goldfinch I've noticed they are always in pairs.

The work in English this week is all about birds. You will be experts by the end of the unit! I hope you enjoy finding out all about them.

To go with the work, I thought you could get creative making some birds. Make them as fancy and bright as you can. Here are some ideas to get you going!

For maths I have put some times sums for you on the school website in the pupil homework area. Don't worry if you can't print them off - write the answers on paper and ask your grown up to check them. You could take a photo of your work and upload it if you like.

I have uploaded a bird spotting guide onto the website so you can become a twitcher! (That is the name for people who love bird watching!)

Have fun and stay safe.
