

Hi Reception!

I hope you are having fun and learning lots while you are at home. If you have any lovely work you would like to share with me, you can email it to me on k.wells@greenlands.lancs.sch.uk.

Miss Wells. X

Gingerbread girls and boys are fun to make! When you have made some, draw one and write a sentence about what it looks, smells and tastes like. There is a recipe if you need one. I've not tried it, so I don't know if they taste good or not!

Just like your reading, you should have been practising your phonics every day. It would be a good idea if you practised your High Frequency and Tricky Words this week. Both Phase 2 and Phase 3. Log on to Phonics Pay for free. Login: march20 Password: home <https://new.phonicsplay.co.uk/> and enjoy playing word trucks.

Do you remember when we made porridge and Goldilocks sneaked into school and stole some? She was very naughty! She was also very mean to Baby Bear. Do you think you could draw and even make from junk modelling a new chair for Baby Bear?

Don't forget that there are also daily maths tasks to do on http://www.lancsngfl.ac.uk/curriculum/primarymaths/index.php?category_id=1211
There was a Gingerbread man activity last week.
