

Hi Reception!

Are you feeling 'Wonderful, Marvellous and Quite Magnificent' just like in the song? You should be if you are keeping up with all your home learning as well as being kind and helpful to everybody!

Miss Wells. X

The second book this week is 'While we can't hug'. When hedgehog and tortoise couldn't hug, they found lots of other ways to show each other they cared. Draw a picture of someone you miss and make it into a postcard to send to them.

For the second part of the week White Rose Maths concentrates on counting. There are some games to play including 'Hide and Wizard' and 'What's the spell Mr Wizard?' You will be practising halving too. <https://whiterosemaths.com/homelearning/early-years/>

Don't forget that there are also daily maths tasks to do on http://www.lancsngfl.ac.uk/curriculum/primarymaths/index.php?category_id=1211 There is a number of the week, investigations and games to play.

Make some hugging arms to give to someone you love. All you need to do is lie on a piece of paper with your arms out stretched, draw round and colour them in. Or you could use a photo and add some big arms. Don't forget to write a message too.
