Hello Year 3,

I hope that you and your families are well. Here is the learning for this week. I miss you all.

**English:**

I hope you enjoyed the English tasks all about monsters last week. This week will focus on examining characters and settings through the use of film. To finish the week, learn all about The Story of Lego! Speaking of Lego, have a look at what my step-son, Harry, has been busy building! He's amazing!

**Science:**

Pick up an ice cube

Try to pick up an ice cube with only a piece of thread. If you can't, try this: put the ice cube in a glass of water, lay the thread across the top with the ends hanging down, and sprinkle salt over the top. Leave for a few minutes and try to pick the ice cube up using the thread. Magic ..... or science? Science, of course! But can you explain it?

**Music:**

In this lesson you are going to learn about pulse. You will clap the pulse to lots of different pieces of music from a variety of genres and also

learn some songs! Follow the link below and complete the lesson.

Please send me pictures of any work that you complete to [l.lonsdale@greenlands.lancs.sch.uk](mailto:l.lonsdale@greenlands.lancs.sch.uk)

If you don't mind, I'd love to put them on our class page 😊

Love from

Mrs Lonsdale xx
