

Year 5 Homework

The setting of homework at primary school has two purposes; to allow children to revisit previously taught skills for practice, and to help prepare them for what is to come at secondary school!

In Year 5, homework is set every Monday. It will comprise of a spelling activity, and an English and Maths task. It should be returned to school by Friday.

Some children enjoy additional homework and there are suggested activities on the termly newsletter.

Children also have log in details for Letter Join, Spelling Shed and Times Tables which they are encouraged to access at home.

Thank you for your support
